

North West Kent Family History Society

(N W Kent and ancient Kent parishes now S E London plus incorporating TWFHS)

Members' Interests

The information given on this form will be used to produce a 'Members' Interest' list in the Society's Journal quarterly. (Please see below the implications of the GDPR (General Data Protection Regulations)). The information will also be added to the Members Only Area (MOA) of the Society web site (Please see overleaf).

Entries should be written in CAPITALS or typed and should follow the example given below. Wherever possible, please use Chapman County Codes and show parishes in London with their ancient county e.g. show Bow MDX, Lewisham KEN or Lambeth SRY. When published in the Journal in addition to the columns below your membership number only will be added for contact purposes. A member who requests to be connected to you from the Journal via the Members Interest Coordinator will be given your contact details. On the MOA you will receive direct contacts from other members.

In the interests of time and space, we must **without exception only show SURNAMES** in the supplement. You need not limit entries to Kent but please try to limit 'out of county' names. If forenames or other detail is important then please see the Journal for details of how to insert a Journal query.

You may have Specialised interests (such as a One Name Study, papermakers, journeymen bakers, etc.), whether or not related to your family names, these may be given and included, if of interest to other members. A place interest can also be included if you have carried out a detailed study of a parish, village or hamlet. See overleaf for details
