Legend

Location ID is the location within the Library. The first 3 characters are FLM for a Film or MFC for a Fiche. The next number is the cabinet number and the following two numbers are the drawer reference. The final 7 characters are the county chapman code followed by a four figure reference number. There are no copies held at Branch meetings.

Parish is the area name for the parish. Where the field is blank or 'All' or 'Various' the entry covers a number of parish areas.

Chap = Chapman code is used for either the British Isles County Code or the International Country code.

Title is the film or microfiche title.

Date Range is the period covered by the publication. The events are C=Christening or Baptism, M=Marriage, Banns, Burials, CMB=Christening Marriage and Burial.

Media is the form of the publication i.e. Film or Microfiche.

Legend

Location ID is the location within the Library. The first 3 characters are FLM for a Film or MFC for a Fiche. The next number is the cabinet number and the following two numbers are the drawer reference. The final 7 characters are the county chapman code followed by a four figure reference number. There are no copies held at Branch meetings.

Parish is the area name for the parish. Where the field is blank or 'All' or 'Various' the entry covers a number of parish areas.

Chap = Chapman code is used for either the British Isles County Code or the International Country code.

Title is the film or microfiche title.

Date Range is the period covered by the publication. The events are C=Christening or Baptism, M=Marriage, Banns, Burials, CMB=Christening Marriage and Burial.

Media is the form of the publication i.e. Film or Microfiche.

Legend

Location ID is the location within the Library. The first 3 characters are FLM for a Film or MFC for a Fiche. The next number is the cabinet number and the following two numbers are the drawer reference. The final 7 characters are the county chapman code followed by a four figure reference number. There are no copies held at Branch meetings.

Parish is the area name for the parish. Where the field is blank or 'All' or 'Various' the entry covers a number of parish areas.

Chap = Chapman code is used for either the British Isles County Code or the International Country code.

Title is the film or microfiche title.

Date Range is the period covered by the publication. The events are C=Christening or Baptism, M=Marriage, Banns, Burials, CMB=Christening Marriage and Burial.

Media is the form of the publication i.e. Film or Microfiche.

Legend

Location ID is the location within the Library. The first 3 characters are FLM for a Film or MFC for a Fiche. The next number is the cabinet number and the following two numbers are the drawer reference. The final 7 characters are the county chapman code followed by a four figure reference number. There are no copies held at Branch meetings.

Parish is the area name for the parish. Where the field is blank or 'All' or 'Various' the entry covers a number of parish areas.

Chap = Chapman code is used for either the British Isles County Code or the International Country code.

Title is the film or microfiche title.

Date Range is the period covered by the publication. The events are C=Christening or Baptism, M=Marriage, Banns, Burials, CMB=Christening Marriage and Burial.

Media is the form of the publication i.e. Film or Microfiche.

Legend

Location ID is the location within the Library. The first 3 characters are FLM for a Film or MFC for a Fiche. The next number is the cabinet number and the following two numbers are the drawer reference. The final 7 characters are the county chapman code followed by a four figure reference number. There are no copies held at Branch meetings.

Parish is the area name for the parish. Where the field is blank or 'All' or 'Various' the entry covers a number of parish areas.

Chap = Chapman code is used for either the British Isles County Code or the International Country code.

Title is the film or microfiche title.

Date Range is the period covered by the publication. The events are C=Christening or Baptism, M=Marriage, Banns, Burials, CMB=Christening Marriage and Burial.

Media is the form of the publication i.e. Film or Microfiche.

Legend

Location ID is the location within the Library. The first 3 characters are FLM for a Film or MFC for a Fiche. The next number is the cabinet number and the following two numbers are the drawer reference. The final 7 characters are the county chapman code followed by a four figure reference number. There are no copies held at Branch meetings.

Parish is the area name for the parish. Where the field is blank or 'All' or 'Various' the entry covers a number of parish areas.

Chap = Chapman code is used for either the British Isles County Code or the International Country code.

Title is the film or microfiche title.

Date Range is the period covered by the publication. The events are C=Christening or Baptism, M=Marriage, Banns, Burials, CMB=Christening Marriage and Burial.

Media is the form of the publication i.e. Film or Microfiche.

Legend

Location ID is the location within the Library. The first 3 characters are FLM for a Film or MFC for a Fiche. The next number is the cabinet number and the following two numbers are the drawer reference. The final 7 characters are the county chapman code followed by a four figure reference number. There are no copies held at Branch meetings.

Parish is the area name for the parish. Where the field is blank or 'All' or 'Various' the entry covers a number of parish areas.

Chap = Chapman code is used for either the British Isles County Code or the International Country code.

Title is the film or microfiche title.

Date Range is the period covered by the publication. The events are C=Christening or Baptism, M=Marriage, Banns, Burials, CMB=Christening Marriage and Burial.

Media is the form of the publication i.e. Film or Microfiche.
