## TODAYS TALK: Adam Taylor on Islands of the Medway Estuary

Using animation, sound and images, this PowerPoint presentation draws on many sources; census records, photos, Victorian technical plans, personal experience and several trips to the National Archives - to bring to life the people who lived on these islands, unlock the secret of how the twin forts of Hoo and Darnet were built, the story of the pub which stood on an island in the middle of the estuary, how a WW1 German submarine ended up where it is now and the story of the infamous Deadmans island.

The presentation also takes a close look at some of the flora and fauna of this huge, beautiful wilderness that is the Medway estuary. Adam is a keen canoeist with fifteen years' experience of paddling a fourteen-foot, Canadian (open) canoe. He has canoed in many places including the dramatic wilds of Ontario, pristine lakes of Finland, stunning rivers of Sweden and beautiful places here in the UK, but it is the islands and salt marshes of the Medway estuary where his heart is.

## NEXT SEVENOAKS BRANCH MEETING 14<sup>TH</sup> February - Ed Thompson: Shops of Otford 1960-2000

The talk looks at the buildings and scenes of Sevenoaks that are lost to time but were captured in over 80 evocative photographs. Edwin was brought up in Otford and from an early age developed an interest in railways, spending much time watching steam trains at the local station. He began to collect railway memorabilia as much of the railway was being modernised in the 1960s but it wasn't until 1980s when the canopy at Otford Station was being taken down that he felt the need to preserve the memory of the old station for future generations. At that time, he only possessed one old photograph of the building, but over time his collection grew to over 200 pictures. Next, he started amassing pictures of Otford Village and then of Sevenoaks and the surrounding villages, eventually widening out to cover West Kent and East Sussex.

His collection continues to grow and many of his photographs have been used in local history books.

## DARTFORD BRANCH MEETING 7<sup>th</sup> February – Family History Research at the Metropolitan Police Museum with Clare Smith

**ZOOM** Sin, Sex and Probate with Colin Chapman

12 February 19:30

Dr Chapman returns to talk about the Church Courts. Sin, Sex and Probate. a fascinating and accessible guide to the workings of England's ecclesiastical courts. Until the mid-19<sup>th</sup> Century in Britain, the Church Courts locally and nationally granted permission to marry, proved wills and testaments, and issued licences to curates, schoolteachers, midwives, physicians and surgeons. These courts additionally dealt with law and order, including sexual misdemeanours of laity and clergy. In this revealing lecture Dr Chapman explains how the courts operated and where their records, valuable to all family historians, may be located today.

He is a retired engineer and scientist who began family history research at the age of seven, encouraged by his grandparents. He went on to found or co-found six county-based family history societies, three of which he is currently their President and of a fourth is their Patron.

He originated the three-letter code for county names, forming the basis for the British and International Standard ISO-3166. He has written fourteen genealogically related books, including, *Sin, Sex and Probate: Ecclesiastical Courts, Officials & Records*. He is a Vice President of both the Family History Federation and of the Society of Genealogists.

This Talk will not be recorded.

Please log in 15 minutes before each online event and enjoy chatting amongst participants before it starts.

## Help Needed

**Many hands make light work. That is certainly true when it comes to sharing the tasks that keep our Society operating smoothly. Please see our website for monthly updates for these volunteer opportunities. Below are a few tasks where help is much needed at our Sevenoaks Branch.**

### **Chair – Sevenoaks Branch Meetings**

Barbara Phillips is currently acting Chair but would like to relinquish this post as she is also programme secretary for the branch and has other responsibilities within the Society. The chair does not have as many responsibilities as previously, as others have taken on some of the tasks. If the Branch Chair is away for a meeting, this can be managed. The job is not onerous but needs commitment.

### **Transporter - Sevenoaks & Dartford Branch Meetings**

Sevenoaks & Dartford need someone to bring the Bought -in-Books to the meetings. When not required they can be housed in the Society's lock-up off of Thames Road, Dartford. One does not need a big car boot. Any monies involved are the responsibility of the individual branch and do not concern the person who brings them. The job is not onerous but does need commitment.

### **Raffle and Refreshment Volunteers**

We're looking for volunteers to help with refreshments and the raffle at our meetings. The tasks are simple and straightforward, and full guidance will be given, so there's no need to worry if you haven't done it before. All we ask is a bit of commitment and reliability to help things run smoothly for everyone.

If you're able to help out, even occasionally, please speak to a committee member at the next meeting or get in touch via the website.

We would greatly appreciate any raffle prize donations as well. Thank you – your support makes a big difference!
