#### **Welcome to the mid February 2022 enews**

#### **Society Library: opening hours and booking**

**At present the library is open and staffed by library volunteers on Wednesdays from midday to 4pm.**

If you cannot get there in the afternoon but can make the morning, please phone Janet to discuss as a library Volunteer may be able to open up early for you.

**Saturday 5 March Doors Open 9.45am meeting starts at 10.30am at Dartford Branch.  
Location: Dartford Science and Technology College, Heath Lane, Dartford Kent DA1 2LY**

**Guest speaker Russell Bowes will give a talk entitled Dig For Victory -  
Background information to ancestors' lives during world war II.**

Few of us are old enough to have memories of life during World War II but most are familiar with the expression "Dig for Victory" and know its war time origin. Russell Bowes has a diploma in garden history, and is well qualified to explain how the Dig for Victory campaign was implemented.

In 1939 the UK was importing 70% of its food, as it was government policy to prioritise the export of manufactured goods over the importance of producing food at home. This resulted in there only being 7 weeks food supply in store at the outbreak of the war. As male agricultural workers were conscripted, women (the Land Army) had to work on the land and vegetables had to be grown instead of flowers.

Russell talks with humour and authority and has some fascinating facts for us.

The meeting will be led by Janet Rose.

Free to NWKFHS members; non members are asked to make a donation towards costs of hall hire and speaker.

There is a large, free car park but it is shared with other users and can be busy at times.

No booking, just turn up.

**March 2 Medieval Records Part 2 – The Manorial Documents Register   David Cufley  
7.30pm - 9.30**

The Manorial Documents Register (MDR) is an index of English and Welsh manorial records, providing brief descriptions of documents and details of their locations in public and private hands.

Manorial records include court rolls, surveys, maps, terriers and all other documents relating to the boundaries, franchises, wastes, customs or courts of a manor. This is a case study using the Hexton, Hertfordshire Manor court records to recreate a family mentioned in the records as tenants and as jurors. The method we have used to recreate a family line from the manor records.

<https://www.gov.uk/search-will-probate>

I am a regular user of the Government website for finding Wills and Grants of Representation (England and Wales only). They only cost £1.50 - so much cheaper than the minimum of £7 for a Death Certificate. For deaths pre 1996 your search result gives you useful facts.

Eg, recently I wanted to find the marriage (to see if he had descendants) and / or death of my great great uncle William Thompson born 1871. A common name in the Lewisham area of South East London (then Kent) where the family lived. I did find on freebmd the death of a William Thompson in 1897 of the right age. But I didn't want to pay £7 for a death certificate - especially as it might be a coincidence of name and year of birth.

A search of the probate index gave me the following result:

As you can see it's not that readable, but when you are viewing it on the GRO website, you can enlarge the wording.

**THOMPSON** William of 15 Dermody-road College-park Lewisham Kent died 17 April 1897 Administration London 12 June to Mark Thompson greengrocer Effects £103 16s. 1d.

It says: "THOMPSON William of 15 Dermody-road College-park Lewisham Kent died 17 April 1897 Administration London 12 June to Mark Thompson greengrocer Effects £103 16s 1d."

As I knew the family lived at 15 Dermody Road, William's father was called Mark and was a greengrocer, I now have, for free, confirmation of death and the actual date. Sadly William was only 26.

However, the sting in the tail is that the Government has just recently badly revamped the site, names are difficult to find and are not always in alphabetical order.

In William's case he was near the bottom of a page and off screen until I reduced the size to near unreadable.

However Dave Annal, an Oxfordshire FHS member, has made a very helpful, short video - explaining how he has managed to circumvent some of the new problems. I have watched it and recommend it, it only lasts a few minutes.

Dave's short YouTube video is most helpful in showing that results pages are often not in alphabetical order; and how to order when there is no folio number but the order form won't let you proceed without one.
