**Next Sevenoaks Branch Talk: *A Heroine of Dunkirk: The Paddle Steamer Medway Queen* with Pam and Mark Bathurst**

**Saturday 9 September Doors open 10.45am meeting starts 11am  
Otford Village Memorial Hall 28A High Street, Otford, Kent TN14 5PQ**

The Medway Queen was ordered in 1923 and entered service on the Strood-Chatham-Southend-Herne Bay route the following year. With occasional excursions elsewhere she served on the same route until the beginning of the Second World War. Chatham Navy week was an annual highlight and in 1937 the ship ran an excursion at the Coronation Naval Review at Spithead.

Medway Queen was requisitioned for the Royal Navy in 1939 and converted for mine-sweeping. In 1940 HMS Medway Queen joined the 10th Mine-sweeping Flotilla based in Dover. HMS Medway Queen remained an active minesweeper until late 1943 when she became an accommodation ship for a few months. In April 1944 she was recommissioned and attached to the mine-sweeping training base at Granton.

The 10th Flotilla played a key part in 'Operation Dynamo' in May-June 1940. Medway Queen and her crew made seven return trips across the channel to bring the men home. The ship's crew estimated that they evacuated 7,000 men while shooting down three Axis aircraft.

In 1946/7 she was refitted and returned to civilian use. The famous Invicta motif was placed on the ship's funnel and in 1954 there was the addition of a bracket on the funnel for navigation lights. In the early 1960s paddle steamers were struggling to compete with newer-type vessels and the Medway Queen made her last voyage to Southend on 9th September 1963.

In 1953 Medway Queen was included in the Coronation Naval Review at Spithead. She carried a load of pre-booked passengers and was part of the formal fleet review.

After several attempts at preservation had failed, the ship was purchased by three businessmen, Alan Ridett, Colin Ridett and Robert Trapp in August 1965. She was towed by the tug Dhulia to the Isle of Wight and became a restaurant & nightclub. The Medway Queen Club was popular for wedding receptions and the on-board restaurant was a favourite with locals and holidaymakers alike. In the evenings it became a night club with disco and live music.

Following the closure of the Medway Queen Club, the ship suffered hull damage and became semi-submerged in the river Medina. In 1984 she was moved back to the River Medway on a pontoon. The current Medway Queen Preservation Society was formed in 1985 to support this endeavour and later became owners of this historic vessel.

After many years of frustration and hard work the society secured the backing of the Heritage Lottery Fund and, later, the European Regional Development Fund to rebuild the ship's hull and establish a base and workshop at Gillingham Pier. The hull rebuild was undertaken in Bristol and completed in late 2013. Medway Queen was towed back home and is now moored at Gillingham Pier where she can be visited.

No booking, just turn up. Free to members. A donation towards hall hire and speaker fee is appreciated from visitors.

There is a large public car park (payment required) adjacent to the hall but it can be busy.

## **Your Society Needs You**

North West Kent FHS is run entirely by volunteers and more are always needed.

This has now become critical as, after many years of service, some of our post holders have retired or are not standing for re-election at the AGM in November. Vacancies in these posts affects the running of the Society.

In particular, and to comply with our Constitution, we urgently need a Secretary and Chair, these posts being currently vacant. In addition, the position of Vice Chair will become vacant in November. These officers would also be Trustees of the Society.

Any member who might be interested and would like to know more please contact Mike Weeks on [publicity@nwkhfs.org.uk](mailto:publicity@nwkhfs.org.uk) or approach any of the trustees. Training would then be given.

**Society Library:** The Society Library has long been back to pre Covid opening arrangements, open every Wednesday from 10am to 4pm for members to do their own research, socialise, participate in library based workshops and discussion groups and receive help from the library volunteers.

There's no need to book just to use the library resources, but booking to attend workshops and other groups is essential for space reasons.

You can use the library's PCs to access Ancestry - and FindMyPast which currently includes access to the 1921 census. We suggest joining Kent Libraries as you can then access these websites from your own device whilst in the library which eases pressure on the library PCs.

Non members, on Wednesdays you can join the Society at the library.

**Items for the 1 September enews should please reach me as soon as possible, and by 28 August latest.**

### **MyHeritage Free PhotoDater**

Have you heard about this? It's currently on offer free of charge.

You have to create an account, if you haven't already, and then upload any of your photos you want dated. It's not infallible but it's interesting. I've uploaded half a dozen to experiment. One is wildly out compared to what a photo dating expert once told me (but who is right?), the others are close to the date.

Previously, when MyHeritage has introduced new features, they are free initially and once they've gained traction a fee become involved. So my advice is to try it out soon whilst it's free.

*I (Stella Eames) welcome photos of people or places (specially historical or family history) in the North West Kent area with a story about them as I like to start each newsletter with a photo and story. Please email me at [enews@nwkfhs.org.uk](mailto:enews@nwkfhs.org.uk) with your contributions. Any photos must be your own copyright.*

*Please email me if there's anything you want to say about enews.*

*Please mention it to others and encourage them to sign up so that we can keep society members and anyone interested in family history informed of NWKFHS activities.*
