**Dartford Branch February Talk: *The 1921 Census in the News* with Judith Batchelor  
Saturday 1 February: Doors Open 9.45am Meeting starts 10.30am  
Dartford Science and Technology College, Heath Lane, Dartford Kent DA1 2LY**

Judith lives in Sevenoaks. This is a new talk that she has researched to give us a different perspective on a source that we have all used and probably taken for granted by setting it into its social background.

She shows the contemporary reactions to the 1921 census based on newspaper reports.

This Talk is very timely as those with Ancestry subscriptions can now access the 1921 Census as part of their subs. The Joydens Wood library PCs can also access the 1921 census if you don't subscribe to Ancestry or FindMyPast and have people you want to look up.

**Doors open 9.45am. The meeting / talk will start at 10.30am and end by 12.30pm.**

The Talk venue has a large, free car park but it is shared with other users and can be busy at times.

No booking, just turn up.

**Saturday 8 February Doors open 10.45am meeting starts 11am**

**Otford Village Memorial Hall 28A High Street, Otford, Kent TN14 5PQ**

The talk looks at the buildings and scenes of Sevenoaks that are lost to time but were captured in over 80 evocative photographs.

**About the speaker:**

Edwin Thompson was brought up in Otford. In the 1980s Ed began to collect old photographs and he started amassing pictures of Otford Village and then of Sevenoaks and the surrounding villages, eventually widening out to cover West Kent and East Sussex.

His collection continues to grow and many of his hundreds of photographs have been used in local history books.

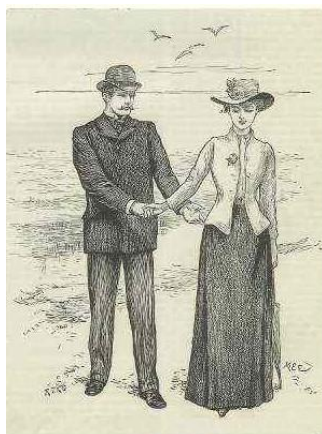

**Doors open 10.45am, meeting starts 11am.** No booking, just turn up.

There is a large public car park (payment required, 50p for 2 hours, £1 for 3 hours) adjacent to the hall but it can be busy.

**Zoom Talk Thursday 13 February 7.30pm**

***Breach of Promise to Marry - the Real Miss Havishams* with Denise Bates**

Courtship

The marriage day was fixed, the wedding dress bought, the wedding tour planned, the wedding guests invited. The day came but not the bridegroom...

However, the real Miss Havishams didn't mope in faded wedding finery - they hired lawyers and struck the first 'no win, no fee' deals to sue for breach of promise.

From the 1790s right up to the 1960s, jilted women (and sometimes rejected male suitors) employed a range of tactics to bring false lovers to book. Denise Bates' book uncovers over 1,000 forgotten cases of women who found very different endings to their fictional counterpart.

- Mary Elizabeth Smith forged evidence of a courtship to entrap an Earl
- Catherine Kempshall shot the man who denied their engagement
- Gladys Knowles was awarded a record £10,000 damages by a jury in 1890
- Daisy Mons discreetly negotiated a £50,000 settlement from a Lord

Based on original research, this social history of breach of promise shows that when men behaved badly, hell had no fury like a woman scorned.

Breach of Promise to Marry investigates the social and cultural history of broken engagements between 1780-1970 and why the law allowed the person who had been jilted to claim damages from the person who had broken the engagement.

Denise has written a book based on her original research in contemporary newspapers and literature, to discover who were the real Miss Havishams, why they found different endings to their fictional counterparts and what their experiences reveal about social attitudes to broken engagements.

Please log in from 7.15pm and enjoy chat with other participants before the talk starts.

This talk will not be recorded.

### **Workshops, Special Interest and Discussion Groups - for Members Only**

<https://www.nwkhfs.org.uk/events/overview/all-upcoming-meetings>

There are dozens of Workshops and Discussion Groups via Zoom to cater for members who cannot get to our Library - which is the venue, on Wednesdays, for our in person workshops.

The wealth of expertise amongst the Society members who volunteer to lead these groups is amazing. I wonder if other Societies put on this number of training sessions for their members.

**Membership of our Society is only £10 a year and lasts until 31**

**December 2025.** <https://www.nwkhfs.org.uk/about/membership/our-membership/#options>

If any Society members missed a workshop which they would have liked to attend, or it filled up, see here for videos of some past workshops: <https://nwkhfs.org.uk/events/workshops/past-zoom-workshop-videos>

Note the above link will only work for Society members logged into the website.

## **Attending Workshops and Discussion Groups**

### **Groups meeting at the Library**

These must be booked individually - the website link explains how to reserve your place. This is essential as numbers have to be kept to ten due to space restrictions.

### **Zoom talks, discussion group and workshops**

These do not have to be booked individually, but you do need to register in order to be sent the Zoom links. The website link for each Zoom group explains how you register.

-----  
**Many, many thanks to our volunteer workshop coordinators for arranging our exciting programme of workshops, and to the workshop leaders who all give their time freely.**

**Society Members, click on the workshop website links below which will explain how to join the workshop or discussion group.**

**Our Library**

The Society Library is open on Wednesdays for members to do their own research, socialise, participate in library based workshops and discussion groups and share a cuppa and receive help from the library volunteers.

You can use the library's PCs and WiFi to access Ancestry and FindMyPast which both now include the 1921 census. We suggest joining Kent Libraries as you can then access these websites from your own device whilst in the library which eases pressure on the demand for library PCs.

Non-members, on Wednesdays you can join the Society at the library.

80 Summerhouse Drive, Joydens Wood, Bexley Kent DA5 2EE Free parking in nearby side roads.

The library is open from 10am to 4pm but it greatly helps the volunteers if visitors with research queries call in earlier in the day rather than later. Please also bring as much information as you already have about the ancestor you are researching.

**A Photographic Mystery**

This photo was found in a second hand book in Germany, perhaps being used as a bookmark. How did it get there? Was it posted or given to a German friend of the family? The person who has it now would love to reunite with the family and is intrigued to know how it got to Germany.

By my reckoning, Bronwen was born circa mid 1949, Elizabeth mid 1951 and Ian in early 1955. But what is their surname and are they or any descendants reading this? Bromley was in Kent until 1965.

If you can add any information please reply to this email and I'll pass the information to Elaine in Germany who sent the scan of the photo.
